PATENT

REMARKS

Election has been required between five species identified as patentably distinct by the Examiner in the office action. Claims 74 and 79-86 are pending. Claims 79, 80, 82, and 86 are directed to non-elected species (as determined by the Examiner) and are withdrawn from consideration without prejudice.

Applicants elect species 2, directed to the embodiments depicted in Figures 15-22B, without traverse.

The non-elected (withdrawn) claims are patentably distinct from the elected claims and may be pursued in divisional patent applications. Applicants have therefore amended the remaining elected claims to recite the elected species.

Claims 74, 81, and 83-85, as amended, read on species 2, as well as species 1 and 3.

A notice of allowability is respectfully requested.
